In this Digital Era E-stamp Challan is alternative Way to pay tax Through the Internet. In 2020 the implementation of E-stamp Challan started the count of document challan decreased compare to 2019.

In 2019 Document registration 12 Lakh but 2020 it was 8.5 lakh. But again next year the E-stamp Registration 12lakh and document registration is around 11 lakh.

In India we developed But at this time everyone is not Techno friendly who pay the tax on Digitally mode. so Both way are Important and Should running continue for next few years.
